Acceptance Testing
UAT Execution & Report Submission

Date	03 October 2026
Team ID	
Project Name	Employee Data Import using Transform Maps (Spreadsheet) - ServiceNow
Maximum Marks	4 Marks

1. Purpose of Document

The purpose of this document is to briefly explain the test coverage and open issues of the Employee Data Import using Transform Maps (Spreadsheet) project at the time of the release to User Acceptance Testing (UAT).

2. Test Case Analysis

This report shows the number of test cases that have passed, failed, and untested. Total Cases is the number of planned UAT test cases for each section (listed in the appendix below); update Not Tested, Fail and Pass as the tests are executed.

Section	Total Cases	Not Tested	Fail	Pass
Data Source & Loading	3			
Transform Map & Field Mapping	4			
Employee Link & Department	3			
Coalesce (Duplicate Control)	2			
Security (ACL & Impersonate User)	4			
Reporting	2			
Total	**18**			

Appendix: UAT Test Cases

ID	Section	Scenario	Expected result
UAT-1	Data Source & Loading	Attach the Excel file to the Data Source	File attached; format and header settings saved
UAT-2	Data Source & Loading	Click Load All Records	Import Set created; all rows in the staging table
UAT-3	Data Source & Loading	Load a CSV file with the same columns	Headers read correctly and rows loaded
UAT-4	Transform Map & Field Mapping	Create the Transform Map (staging to target)	Correct source and target tables saved
UAT-5	Transform Map & Field Mapping	Map all spreadsheet columns using Field Maps	Every column appears in the Field Maps list
UAT-6	Transform Map & Field Mapping	Run the Transform	Records inserted into the target table

ID	Section	Scenario	Expected result
UAT-7	Transform Map & Field Mapping	Open Transform History	Inserted / updated / ignored counts shown
UAT-8	Employee Link & Department	Map Employee ID to the sys_user reference	Each record linked to the correct employee
UAT-9	Employee Link & Department	Check the department on imported records	Department is populated automatically
UAT-10	Employee Link & Department	Import a row with an unknown Employee ID	Row ignored or flagged in the Import Log
UAT-11	Coalesce	Re-import the same file	Records updated; no duplicates created
UAT-12	Coalesce	Change a department in the file and re-import	Existing record updated with the new department
UAT-13	Security (ACL & Impersonate User)	Impersonate an unauthorised user	Restricted records are not visible
UAT-14	Security (ACL & Impersonate User)	Impersonate an employee and open the department field	Field hidden or read-only as per the ACL
UAT-15	Security (ACL & Impersonate User)	Impersonate an authorised role (e.g. HR)	Permitted records and fields are visible
UAT-16	Security (ACL & Impersonate User)	End impersonation	Returns to the administrator session
UAT-17	Reporting	Create a report grouped by department	Counts shown per department
UAT-18	Reporting	Filter the list view by department	Only matching records displayed
